Notes

What we cover

With the Mercy Ship Top-up plan, you are covered for medical conditions that manifest for the first time during the validity of your cover, and where related treatment is also provided to you during the validity of your cover.

We don't cover pre-existing conditions, i.e. medical conditions that manifested before your cover started (that you knew about them or not).

In order for your medical costs to be covered, they have to be for medically necessary treatments and procedures; also costs have to be reasonable and customary, based on the average treatment costs applicable to the region in which you receive the treatment. For in-patient treatments, we cover you for a standard private room unless you want to opt for an alternative type of room/hospital accommodation.

Geographical area of cover

The geographical area of cover available with the Mercy Ship Top-up plan is 'Worldwide, with limited cover in the USA'. The area of cover is subject to the policy terms and conditions.

Please note:

- The cover we provide is not intended for you if you are a citizen or resident of Malaysia.
- Regarding the USA: this cover doesn't meet the requirements of the comprehensive healthcare reform law of March 2010 (also referred to as ACA, PPACA, or 'Obamacare') and is not recognised as 'minimum essential cover'. If you are a US citizen residing inside or outside the USA and you are required to maintain minimum essential cover, you should seek cover under a US domestic health insurance plan. It is your responsibility to ensure that your healthcare cover is legally appropriate. We strongly recommend that you seek independent advice in this regard.
